Technical Datasheet

CL-GROUT

Cleaner for tile grouts

Description

Special liquid cleaner for tile grouts. CL-GROUT cleans the grout deeply, without altering its original color or appearance.

Fields of application

CL-GROUT is used to clean tile grouts from salts, dirt, fungi, coffee or wine stains, etc. Suitable for domestic use, as well as hospitals, restaurants, industrial areas, etc.

Technical data

Form:	liquid
pH:	< 2

Directions for use

CL-GROUT is applied on the grout, undiluted or slightly diluted with water, depending on the type of stain, then is brushed with a sponge and finally, the surface is rinsed with plenty of water. For difficult stains, the procedure should be repeated.

Consumption

15-20 m^2/l, depending on the stain.

Packaging

0.75 l and 5 l containers.

Storage

12 months from production date, if stored in original, unopened packaging, at temperatures between +5ºC and +35ºC. Protect from direct sun exposure and frost.

Remarks

- Consult the directions for safe use and precautions written on the package.
- It causes burns. Keep locked up and out of the reach of children. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of water. Wear suitable protective clothing, gloves and eye/face protection.
- It contains less than 5% of non ionic surfactants. It also contains methylchloroisothiazolinone, methylisothiazolinone and perfume. The product contains phosphoric acid.
